

Chapter & Verse

The formal unveiling of the lathe stands was the first thing people saw when attending the April meeting of the CVW. Many compliments were passed around; great job Miles, Peter and everyone else who helped with the club's first major project.

Peter brought a sample shirt for the club to look at, and an order list was passed

around. Several members ordered shirts and hats; some *much* larger than others.

Pat also offered to make really great looking name tags for \$5 each. Another sign up sheet was passed around for these.

The President nominated Starke to be the club's official money bag. He will be responsible for

keeping an in-stock supply of glues, accelerators and Anchorseal. Ashton Waters was our demonstrator for the month of March. One of his specialties is decorating his turned work off of the lathe. He gave a great demonstration, and we look forward to having him again.

Presidents Corner

Well, another month is gone; can you believe this will be our fifth official meeting of the CVW? I hope everyone has enjoyed the ride so far; I know I have! For me, the month of May was very busy with non turning stuff. I did, however, find time to cut up some nice bowl blanks for later.

The May professional demonstration didn't pan out; Mark St.Leger was booked up. There is another turner I have

been trying to contact, maybe for July. I'll keep everyone up to date.

I am planning a Saturday informal turning session for Saturday, May 29. I will know for sure by our Tuesday meeting. I thought we could turn a few display disks for the Symposium.

Speaking of the Symposium, we will need a few volunteers for different days and different areas. The volunteer list is filling up fast by other clubs, but

what I would really like is for someone who can help me Thursday, Friday and the Monday after the show. There will be a shortage of help on those days, and it will be my responsibility to get everything set up and taken down. Remember: a free T-shirt to all volunteers!

I haven't heard from Miles or Joe since the show they did in Staunton. I hope they did well. Don't forget show and tell Tuesday night, I'll be bringing a few pieces myself.

Upcoming Events

Hello everyone; it's that time again!

This Tuesday, May 18 at 7:00 pm, the fifth meeting of the Central Virginia Woodturners.

Here is a partial list of things that will take place:

+Shirts and hats... (let me get this over with) The price I sent you for the shirt was wrong. Totally my mistake... the shirts are \$16.50 and the hats are \$11. I apologize for my (dumb) mistake. On the bright side, it is still a bargain, don't you think?

+CA glue, accelerator, glue remover and Anchorseal will be available for purchase from Starke. He still hasn't let me know the prices, so I can't tell you. Great prices, though.

+Demo by Scott Koehn. Turning his bird houses with an added bonus - he is bringing his souped up mini lathe. I can't wait to see it!

+Added surprise for this meeting... a door prize or two...

+Don't forget the silent auction and bring your show and tell work; I have a few pieces to bring myself!

See you Tuesday,
Bert

Scott Koehn will be our May demonstrator. He will be doing small bird houses on his souped up mini lathe. Should be great.

Library

If you have anything that you feel would be appropriate for our library and would like to lend or donate it, please contact Ray Tilghman at vaturner@earthlink.net

Bert without a hat!

"Demonstrations, Show and tell & Silent Auctions every meeting."

Shirts and caps are in and will be available at the meeting in May. Shirts will be reduced to \$15 and the caps will be \$11. The club will be able to make a few dollars on each item, so buy some extra's. (2XL and 3XL add \$1.50)

The Central Virginia Woodturners was formed to promote the art of woodturning to the general populace and create an environment conducive to the sharing of ideas and talent to those interested in the pursuit of fine woodworking.
