Chapter and Verse

Miles Everard demonstration—Miles Everard did a demonstration at our October meeting on off center turning, demonstrating turning a train engine ornament and a cabriolet leg. See the photo at right of Miles at the lathe.

Barbara Dills demonstration—Some of our members are also members of the Woodturners of the Virginia that meets in the Timberville area. This month they invited Richmond turner Barbara Dills to demonstrate her eccentric turning techniques. Photo at right shows Betty in Peter Shoemaker's shop and also demonstration boards of her off center turnings.

President's Corner

Barbara Dills— I attended the Woodturners of the VA's club demonstration that featured Barbara Dills and her off center turning. Barbara is the first turner I have seen attempt to truly explain the variations that can be achieved with eccentric turning. Hopefully, next year CVW can have Betty do a demo for our club.

Bob Rosand to demo November 3rd— Don't forget our big event. Bob Rosand will do an all day demo for us Saturday, November 3rd, at the Cri-

mora Center. Bring guests, and if you wish, bring a pot luck dish, desert, or salad. We will start at 9 and go to 3. Help in setting up, etc., starts at 8:30. CVW members get in for \$10, with accompanying guest or family members for an additional \$5. Non members are \$15.

Officers for 2008-09— Officer suggestions were solicited at the October meeting and the Candidate Selection Committee has nearly a full slate. Final recommendations

should be ready by the November meeting, with the goal of voting at the November meeting and installation at the December meeting.

Financial Report— The October meeting took in \$46: three new members @ \$10 + \$16 on the silent auction. This brings us to 60 paid members and a current bank balance of \$1024.

About Central Virginia Woodturners

Central Virginia Woodturners is a local chapter of the AAW with over 60 active members. Club meetings are held the third Tuesday of each month from 6:30 to 9:00 P.M. Meetings are held at the Crimora Community Center, with the exception of the last month of each quarter (March, June, September, and December) when they are held at the Miller School in Crozet. Meetings at the Miller School take advantage of the eight well equipped lathes in the school's wood shop where members assist one-another with hands-on turning and simple projects.

Directions: to the Crimora Community Center:

Route 612 just west of Rt. 340 in Crimora.

From Staunton and points north or Lexington and points south, on I-81 take the Verona exit (Rt. 612) east, or from route 11 just north of Verona turn east on Rte. 612 (at the Burger King). Stay on Rt. 612 east for 10-12 miles. As soon as you cross South River, the Crimora community center is on the left.

From Charlottesville and points east, or from Waynesboro, take the Delphine (Lyndhurst) off ramp off I-64 going north (this is Rt. 340) proceed about 7 miles to the Phillips station in Crimora and turn left (Rt. 612). Go about 1 mile and the center is on the right just after the RR tracks.

Directions: to the Miller School:

Take the Crozet exit from I-64 and proceed towards Crozet on Rte. 250. At the Crozet traffic light (the only one on 250 at Crozet) turn south, away from Crozet. There are signs indication the Miller School. Proceed approximately 3 miles to the Miller School entrance on the left. Follow the main road (the sign says Event Parking) to the end at the Main Building. As you come to the Main Building (there is a flag pole in front of it), the shop building is on your left, along with the parking. We meet on the second floor. It will be well lit and should be obvious by the flow of enthusiastic woodturners rushing to the meeting.

Show-n-tell and Silent Auction

Ron Dearing's two Maple bowls are in the foreground and Miles Everard's lamps in the middle. (Editor's note: Not a very good picture of the rest. Sorry about that.)

Jim Higgins is always stretching outside the box. Here is a piece he made using slices of walnuts held in place with Interlace and epoxy.
