Awards and Recognitions

Mike Sorge was recently awarded a very special first place ribbon from Ross Williamson representing the Westwood Elementary. As Mike and many of us know, our accomplishments are not always measured in the money we are paid but in the lives we affect. Congratulations Mike, we applaud your work and envy your contributions.

CVW Meeting

President's Corner – Bob Welch

Many thanks for help setting up and putting things away afterwards, and also for help at skills training and those working behind the scenes to make our club a success.

Our November meeting well summarized in the attached meeting notes was well attended and the multi-station demonstrations were excellent. It provided a good opportunity for those present to actually take over under the supervision of the demonstrator and to try the same themselves.

It is now time to pay membership dues for the coming year, so please get them to our Treasurer, Richard Landreth, hopefully at the December Christmas Party meeting. A special thanks to Richard, who has served as our club Treasurer for the last several years.

Welcome to our new club officers listed in the attached minutes! I thank the current officers who have done an outstanding job and look forward to working with the new team, some of whom are continuing in their role. I will be calling an organizational meeting with the new team in January before our first meeting. Our new Programs VP, Mike Sorge, has held preliminary planning meetings and already has several programs lined up for next year. Also note that we still need persons to handle the audio/visual for our meetings and thanks again to John O'Neil for his doing this for the last dozen years.

Don Voas advised after the meeting that our items at the Cheese Shop are selling well. I look forward to Don's update in December. Please keep your donations of pieces you make coming since seventy percent of these sales comes to our club.

As always, our Skills Center sessions are attracting persons wanting to get into wood turning and new members. Thanks Jim and mentors who come to show new learners.

Buck Culver is handling the food for our Christmas Party this year and brings a good deal of experience to this role.

I look forward to seeing you at the Christmas Party. Remember it is the second Tuesday in December. For those who cannot make it, I wish you a Merry Christmas and a Happy New Year!

Best regards,

Bob,
